## Letter from BHSSF

In 2014, an idea was sparked. Through the backing of the Beaverton High School (BHS) administration, along with the energy and expertise of a core group of parents and BHS alumni, this idea ignited into action. As of today, the Beaverton High School Success Fund (BHSSF) has proudly served the students and BHS community for nearly 7 years.

This ground-breaking fund continues to fuel innovation, inspire excellence, and alter the trajectories of student lives. Supporting the needs and aspirations of the diverse student body is made possible through the sustainable resources that BHSSF provides. BHSSF helps enable Beaverton High School into creating a public education experience that prepares every student for their chosen future.

The Beaverton High School Success Fund was initially established to support four major initiatives: Academic Programs, Student Financial Support, Staff Support/Technology, and Facility Improvements. We can happily say that through the continued efforts of BHSSF, funding has contributed to the development of these four vital initiatives.

During this past year, Beaverton High School has faced great social and economic challenges in educating and meeting the needs of students during a global pandemic. But, BHSSF has helped to inspire and support the high school as they continue to overcome these difficulties. That's the beauty of BHSSF... to be able to consistently and dynamically respond to the educational needs and wants during any academic year.

None of this would be possible without the generous support from our donors. This inaugural annual report features BHSSF accomplishments over the past seven years (2014 - 2020), that have impacted over 10,000 students. We have ambitious plans to continue to connect our community as well as drive enhanced innovation at Beaverton High School. The support for BHS is just beginning.

Take a look at what we have accomplished together. We hope that you will share in our pride regarding the positive impact at Beaverton High School — made possible by the Beaverton High School Success Fund.

# Impact

## Investment Success Stories

Project highlights that have contributed to community and student success – in education, entertainment, and play.

## Impact

### Remodeled BHS Library

Transformed into a 21st century education space, the Library was outfitted with new technology, furniture, flexible meeting, study areas, and much more. Created new entry gathering place with separate meeting room.

### New BHS Plaza

The newly completed concessions building called "The Bite" provides an excellent facility (with restrooms!) to better serve our fans during athletic activities. The adjacent Plaza is a place to eat and mingle during events. Commemorative, engraved bricks can be purchased to help support BHS for many years to come.

### Future Days

Annual funding of Future Day, a college & career readiness event sending all 9th graders to experience a day at a business and all 10th graders to a college campus.

### After School Weight Lifting Program

Financial support for a year-round, staff supervised weight room program which serves more than 125 students each week.

## Impact

### BHSSF College Scholarships

Award \$25k annually in college scholarships to seniors.

### Career Pathways

Funds to support student focus in different career pathways including Engineering, Health Care, Marketing and Childhood Development.

### Remodeled Staff Lunchroom/Collaboration Center, Student Center and Community Room

The Community Room is now a conference room where BHS can proudly host internal meetings and meetings with community partners. It includes enhanced digital presentation equipment. The Student Center is now a space that welcomes students and visitors to BHS. Students gather here before school, during lunch, and after school. This is truly a space that celebrates our value of Community Connects Us.

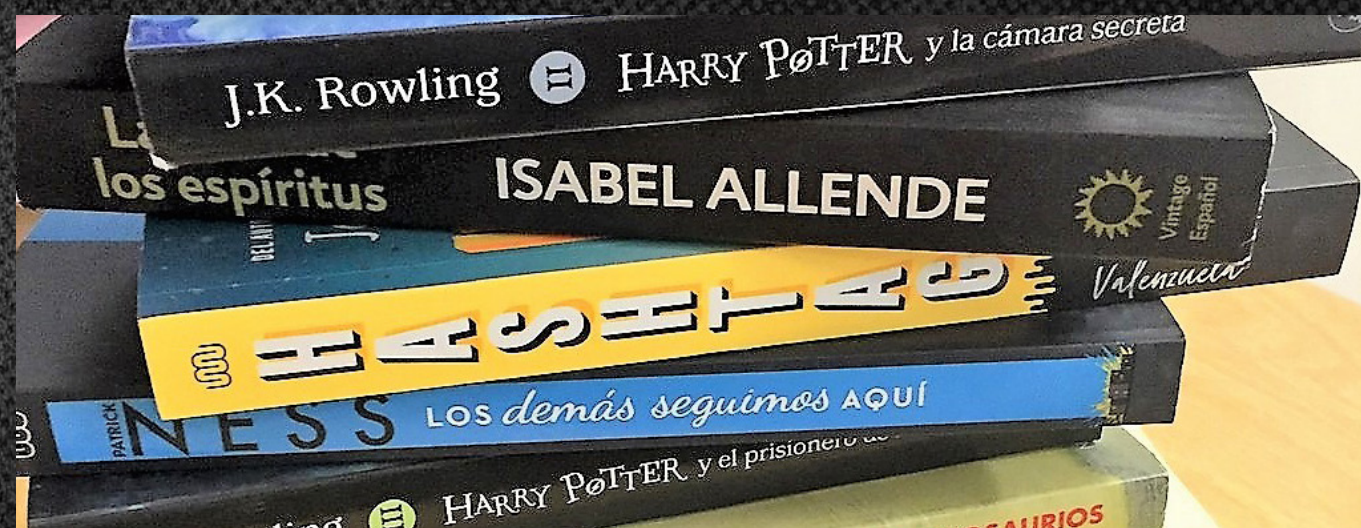

### Remodeled College and Career Center

A remodeled College and Career Center now inspires BHS students to explore and discover higher education opportunities, trades and other career paths.

### Teacher and Student Grants

Transformation of the classroom experience is fostered through the distribution of grants to teachers to support innovation in teaching practice. Inspirational enhancements to the school culture are supported through student grants.

## Student/ Alumni Testimonials

2019 / Lucy Bishop

"Thanks to the success fund scholarship I'm starting my second year of college debt free, which is one huge stressor I'm very thankful not to worry about. Having support from BHS really meant, and still means, a lot to me."

Lucy Bishop (2019)

2018 / Ayaka Takeuci

"I still remember how grateful yet in disbelief I felt when my name got called as one of the recipients. Now I am a writing coach at the School of Journalism and Communications. I have the Success Fund scholarship to thank for helping me begin my journey at the University of Oregon."

Ayaka Takeuci (2018)

2017 / Alona Arneson

"Receiving the Success Scholarship was imperative to both my academic and personal wellbeing, and my experiences as a first-generation student felt validated. Not only that, but the fund more tangibly allowed me to pursue my dream of learning Spanish in Costa Rica. Without this fund, I wouldn't have grown as much as a person or a student."

Alona Arneson (2017)
