Letter From **BHSSF**

Dear Beaverton High School Community,

I am honored to share the 2023-2024 annual report for the Beaverton High School Success Fund, reflecting on the achievements of the past year and the transformative impact on Beaverton High School. We continue to be amazed by the generosity of this community. Your support opens doors of opportunity for our students and removes barriers that might otherwise stand in the way of their success.

If you've recently driven by the school, you may have noticed the construction of our new building. While we are excited about the possibilities our modernized facilities will bring, we recognize that new physical spaces alone do not meet the diverse needs of our students. Many of our students face financial challenges that affect their ability to fully participate in school life. The Beaverton High School Success Fund plays a crucial role in ensuring that every student, regardless of socio-economic background, has access to the resources and experiences necessary to thrive.

Over the past year, the Success Fund has enabled us to cover fees for athletics, events, and courses, making sure students can participate in the activities that enhance their high school experience. Scholarships provided through the fund supported 22 deserving seniors, helping them pursue higher education and follow their dreams. Additionally, the Anne Erwin Scholarship continues to empower sophomores who are committed to community involvement and academic excellence, nurturing their leadership skills as they move into upper grades.

The impact of your contributions extends beyond traditional academics. Because of your support, we've revived the Model United Nations program, where our students excelled; launched new clubs like sewing; and expanded multicultural soccer, making it the most popular in the district. Our art students now work with professional-grade easels, newcomers to the country are using a living garden for science projects, and participants in our Education Pathway program have the opportunity to travel to local schools to read to young students.

Your generosity also empowers our teachers with grants that enhance learning in innovative ways. By providing financial assistance where it is needed most, we are closing opportunity gaps and ensuring that all students have equal access to pursue their passions, explore new horizons, and reach their full potential.

We invite you to continue this incredible legacy of support by joining us at this year's annual benefit. The event will be held at DeCarli Restaurant in Beaverton on April 27, 2025. It will be an evening filled with celebration, entertainment, and the chance to make a lasting difference in the lives of our students.

On behalf of our students, faculty, and staff, thank you for your unwavering commitment to the Beaverton High School Success Fund. Your contributions are more than financial support; they are a testament to the belief in the power of education to transform lives and build a brighter future. Together, we are shaping a stronger community and changing lives for the better.

Sincerely,

ANDREW KEARL
